

Dynamically disinfecting the air we breathe and the surfaces we touch

with the combination of organic and natural Hydroxyls and Ions.

IN ENCLOSED SPACES, INFECTIONS ARE SPREAD BY BACTERIA, VIRUSES, MOULD AND FUNGI IN BOTH THE AIR AND ON SURFACES

An AIRsteril Upper Room unit uses Thermal convection to draw air into the zone of rays generated by the special louvered / shielded UV lamp and the parabolic reflectors inside the unit.

INFECTION CONTROL

Outbreaks of infections can happen anywhere from hospitals, schools and care homes to cruise ships, airports and the work place. They pose a serious threat to the health of people and organisations. They can occur at any time so all organisations must maintain the highest hygiene standards to protect staff, patients, customers and visitors.

AIRsteril gets to the root cause of the problem by controlling bacteria, viruses, odour and mould, clearing allergens to improve the air quality.

BENEFITS OF USING AIRSTERIL UVGI

Control bacteria and viruses, Improve infection control and hygiene standards, Reduce cross infection, Reduce absenteeism.

Area Size	35m2	50m2
High levels of infection control	UVGI	
General infection control		UVGI

Positive infection control can seriously benefit your organisation

The Healthy Air Solution

DYNAMICALLY DISINFECTING THE AIR WE BREATHE AND THE SURFACES WE TOUCH

- Kills pathogens (bacteria, fungi and viruses including common cold and flu, COVID-19, influenza, stomach flu, legionella, Methicillin Resistant Staphylococcus Aureus (MRSA), Escherichia coli, Klebsiella pneumoniae and Pseudomonas aeruginosa.).
- Kills mould and mould spores.
- Removes Particulate Matter (PM2.5 & PM10).
- Removes Volatile Organic Compounds (VOCs).
- Safe to use around people, animals and plants.
- Offers continuous cost effective protection 24/7.
- Simple to install.
- Chemical and filter free. does not require expensive filter replacements e.g. HEPA filters.

AIRSTERIL IS

- Chemical free.
- Filter free. does not require expensive filter replacements e.g. HEPA filters.
