

Dynamically disinfecting the air we breathe and the surfaces we touch

*with the combination of organic and natural  
Hydroxyls and Ions.*

### MAINTAIN A HEALTHY, CLEAN & SANITISED VEHICLE

The AIRsteril Custom Vehicle Range is our solution to improving indoor air quality, sanitising surfaces and eliminating odours in vehicles. Our Custom Vehicle Range:

- Prevents cross-contamination between loads.
- Lifts hygiene levels.
- Extends time between cleaning cycles, reducing vehicle off road time.
- Removes embarrassing odours by treating the root cause.
- Targets bacteria and viruses in the air and on surfaces.
- Destroys mould and fungi.
- Reduces chemical usage.
- Eliminates need for masking agents.
- Provides fresh clean air.
- Sanitises all exposed surfaces.
- Reduce absenteeism and labour costs.
- 12 or 24 volt power options available.

### VEHICLE PROBLEMS

Working vehicles have to cope with a lot – the same vehicle may be used for a variety of loads creating problems with cross contamination. Maintaining an odour free, clean and infection free environment can be a constant challenge. With busy schedules and quick turn-arounds, the time allowed for vehicle cleaning is always tight with deep cleaning requiring vehicle to be off road.

AIRsteril uses specialist techniques proven to target microorganisms. Odour control is equally important, unpleasant odours and contaminants can easily transfer to loads being transported and cabin. AIRsteril products have been supplied for odour control across multiple industries.

**Odour control on the  
move, lifting vehicle  
hygiene to a new level**

# The Healthy Air Solution

## DYNAMICALLY DISINFECTING THE AIR WE BREATHE AND THE SURFACES WE TOUCH

- Kills pathogens (bacteria, fungi and viruses including:
  - Common cold and flu.
  - COVID-19.
  - Influenza.
  - Stomach flu.
  - Legionella.
  - Methicillin Resistant Staphylococcus Aureus (MRSA).
  - Escherichia coli.
  - Klebsiella pneumoniae and Pseudomonas aeruginosa.
- Kills mould and mould spores.
